

2018 World Maritime Day theme:

**“IMO 70: Our Heritage –
Better Shipping for a Better Future”**

- This year, IMO celebrates the 70th anniversary of the adoption of the IMO Convention.
- In this context, the theme was chosen to provide an opportunity to look back but also to look forward, addressing current and future challenges for maritime transport to maintain a continued and strengthened contribution towards sustainable growth for all.
- While showcasing IMO's heritage, the challenge for the years to come remain to work in collaboration with all stakeholders to create better shipping, for a better future.
